

Sandy and Ed Weldon

Plympton Ma

Patio, walkway and landscaping

We received estimates and plans from several landscape contractors and found Bob to be the one for us. He was extremely personable and knowledgeable and worked with us on a plan. He laid it all out on paper and marked it out with paint in the area, so there would be no surprises. We were not sure what we wanted and he was very helpful with idea's. He arrived on the scheduled date and worked straight thru till the job was complete. Bob and his crew were very professional and did an outstanding job. We have received many compliments on our property. Bob and his crew come highly recommended by the Weldon's.
