

Hi Bob,

We wanted you to know how pleased we are with our new granite steps and walkway to add curb appeal to the front of our house. Each morning now, as we descend down the stairs that leads to the front door, we'd stop and glance out the side window to look at the pavers. We marvel at the precise cut work to create the curves. We're so glad we decided not to go with stamped concrete. For sure, they're no comparison to pavers and no cracks to worry about!

Your crew were dedicated to get the job done with much efficiency and order. They were also respectable and polite. With that said, it leaves such an impression we would not hesitate to call upon your company again for any possible future projects at our home.

Please accept and forward our appreciation to you and the crew.
